

Congratulations on your new HVAC equipment

All Heat Controller products are designed for long life and reliable service to help keep your home comfortable. We're so confident in the design, quality components and construction that we back your unit with a strong warranty coverage as described in this document.

To be eligible for the full term of this Limited Express Warranty, complete and mail the card below or register your purchase online at www.heatcontroller.com as soon as possible. Registration must occur within 90 days of the purchase to qualify for the full term of the coverage.

Don't forget to read your owner's manual and ask your installer about regular maintenance procedures that will help keep your unit operating at peak efficiency.

HEAT CONTROLLER, INC.

Limited Express Warranty R-410A Cased or Uncased Coil

MATCHED SYSTEM LIMITED EXPRESS WARRANTY

When the coil is installed as part of a single family residential AHRI-matched system with a Heat Controller air conditioning condenser or heat pump, the condenser or heat pump warranty applies to the coil under normal use and maintenance. Refer to the condenser or heat pump warranty for details.

LIMITED ONE (1) YEAR EXPRESS WARRANTY

If the coil is installed in a residential system other than the AHRI-matched system described above, all coil components are warranted to be free from defects in workmanship and materials for normal single family residential use and maintenance for one (1) year from the date of purchase by the original consumer for the original installation. This Express Limited Warranty applies only when the coil is installed per Heat Controller, Inc., installation instructions and in accordance with all local, state and national codes for normal residential use.

EXCEPTIONS

The Limited Express Warranty does not cover normal maintenance—Heat Controller recommends that regular inspection/maintenance be performed at least once a season and proof of maintenance be kept. Additionally, labor charges, transportation charges for replacement parts, replacement of refrigerant or filters, any other service calls/repairs are not covered by this Limited Warranty. It also does not cover any portion or component of the system that is not supplied by Heat Controller, regardless of the cause of failure of such portion or component.

CONDITIONS

- Unit must be operated according to Heat Controller operating instructions included with the unit, and cannot have been subjected to accident, alteration, improper repair, neglect or misuse, or an act of God (such as a flood)
- Installation was done by a trained, licensed or otherwise qualified HVAC dealer/contractor
- Performance cannot be impaired by use of any product not authorized by Heat Controller, or by any adjustments or adaptations to components

OVER ►

- Serial numbers and/or rating plate have not been altered or removed
- Damage has not been a result of inadequate wiring or voltage conditions, use during brown-out conditions, or circuit interruptions
- Air flow around the unit has not been restricted
- Unit remains in the original single family, original owner-occupied residence
- Unit was not purchased over the internet

DURATION OF WARRANTY & REGISTRATION

The warranty begins on the date of purchase by the original consumer (homeowner). The consumer must complete and return the warranty registration card or register at www.heatcontroller.com within 90 days of purchase. The consumer must retain a receipted bill of sale as proof of warranty period, as well as proof of AHRI-matched system installation, if applicable. Without this proof, the warranty begins on date of shipment from the factory and reverts to the one-year Limited Express Warranty.

REMEDY PROVIDED BY THE LIMITED EXPRESS WARRANTY

The sole remedy under the Limited Warranty is replacement of the defective part. If replacement parts are required within the period of this warranty, Heat Controller, Inc., replacement parts shall be used; any warranty on the replacement part(s) shall not affect the applicable original unit warranty. Ready access to the unit for service is the owner's responsibility. Labor to diagnose and replace the defective part is not covered by this Limited Express Warranty.

LIMITATION OF LIABILITY

1. There are no other express or implied warranties. Heat Controller makes no warranty of merchantability. We do not warrant that the unit is suitable for any particular purpose or can be used in buildings or rooms of any particular size or condition except as specifically provided in this document. There are no other warranties, express or implied, which extend beyond the description in this document.
2. All warranties implied by law are limited in duration to the one-year term of the non-AHRI matched system warranty. Your exclusive remedy is limited to the replacement of defective parts. **We will not be liable for any consequential or incidental damages caused by any defect in this unit.**
3. This warranty gives you specific legal rights and you may also have other rights which vary from state to state. Some states do not allow limitation on how long an implied warranty lasts or do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you.

4. No warranties are made for units sold outside the continental United States and Canada. Your distributor or final seller may provide a warranty on units sold outside these areas.
5. Heat Controller will not be liable for damages if our performance regarding warranty resolution is delayed by events beyond our control including accident, alteration, abuse, war, government restrictions, strikes, fire, flood, or other acts of God.

HOW TO OBTAIN WARRANTY SERVICE OR PARTS

If you have a warranty claim, notify your installer promptly. If he doesn't take care of your claim, write to Heat Controller, P.O. Box 1089, Jackson MI 49204. Enclose a report of inspection by your installer or service person. Include model number, serial number, and date of purchase.

Owner responsibilities are set forth in the instruction manual—read it carefully.

NOTE: When unit is purchased as replacement component for an existing split system installation—Beginning in 2010, R-22 refrigerant was banned from new HVAC equipment manufacture. The equipment covered by this warranty is designed to work with R-410A, an environmentally friendly refrigerant. Because the two refrigerants are not compatible, other components of an existing R-22 system may need to be replaced. You as the homeowner are responsible for the cost of these replacements.

Form No. 7954-1060 07/11

LIMITED PRODUCT WARRANTY REGISTRATION

The limited warranty for this unit begins on the date of purchase by the original consumer. Return this registration card or register at www.heatcontroller.com within 90 days to record the date of purchase. If you don't register the purchase, the warranty begins on the date of shipment from the factory and you will not receive the benefit of the entire warranty term. Model and serial numbers can be found on the unit. By signing, the purchaser acknowledges that he or she has read the limited warranty for this unit.

Tear off and mail this card only. Retain the warranty for your records.
